Subject: 2014-246 E: I Support Net Metering

Dear Public Service Commission Public Service Commission,

Please support solar energy and net billing in South Carolina. As we look at ways to save energy, reduce pollutions and live more responsibly, solar energy is a great step in the right direction.

I also hope that legislation is passed that will require homeowner associations to permit solar panels even if by-laws currently do not permit them.

Thank you for your time.

Sincerely,

Robert Harris
